

Junior Commercial Controller - L'Oréal Sweden & Norway

Are you passionate about finance & controlling and do you wish to be a strong sparring partner to a dynamic commercial team? Do you wish to be a key player in the planning and follow-up of business plans? Are you looking for a steep learning curve in an international environment? – **Then think L'Oréal**

Mission:

Develop commercial controlling for Sweden and Norway into a business oriented function, mastering both the financial and business oriented aspects and become a real sparring partner to the commercial organisation.

Reporting line and contacts:

The role will report to the Chief Commercial Controller for Sweden and Norway and will work closely with the Commercial Director, Sales Manager, Key Account Managers, Customer Service and Accounting in both countries. The role will also include close contact with the Scandinavian General Manager, Marketing and Financial Controllers.

Key job accountabilities:

- Construct budgets and revised budgets in close corporation with the commercial organization
- Closely follow the development of both sales and costs
- Reporting – to headquarter as well as internally
- Super user on financial tools

You are the perfect profile if:

- You hold a master's degree in finance/accounting
- You have a background as auditor and/or controller from international companies, 0-2 years of experience
- You are a super user in Excel and SAP R/3
- You have a visionary mind and great analytical skills
- You are flexible and hard working
- You are proactive and take initiatives
- You write and speak English & Swedish fluently, French is a plus but not a criteria
