

## Are you an international student and interested in writing for the Swedish Institute?

The Swedish Institute (SI) is a public agency that promotes interest in Sweden abroad. SI seeks to establish cooperation and lasting relations with other countries through active communication and cultural, educational and scientific exchanges.

During early autumn of 2008 SI launched SwedenInTouch.se a new internet community for international students in Sweden. SwedenInTouch.se will be a way for students to stay in touch with each other and also with Sweden. Users will be able to create their own pages, get invitations to Sweden related events, post photos, connect with their host university and create their own blogs to mention a few things.

We are looking for international students who would like to share their experiences and express them by blogging on SwedenInTouch. If you are an international student who will be studying in Sweden during the coming semester or who have recently studied in Sweden then we look forward to see you as a blogger on SwedenInTouch.se.

Your Blog may cover any subject related to the experience of being an international student in Sweden. Approximately 200 words written twice a week.
