

BUILDING TEAM SPIRIT TOGETHER

Societe Generale Corporate & Investment Banking's success is founded on the skills and talents of our people. As part of one of the world's leading financial services groups, we have ambitious international activities.

Within SG CIB we have a number of opportunities for graduates in Europe, Asia & the Americas across the following business areas:

*** Capital Markets * Investment Banking & Global Finance ***
*** Accounting & Finance * Operations * Information Technology ***

Our global graduate programme starts with training which gives you an insight into the organisation and the opportunity to build a network of your peers. Once this is completed you will have all the tools and 'know how' to hit the ground running as you start your role and join your team. Throughout the 2 year programme you should expect to be challenged as well as experience a very steep learning curve. You will receive support and ongoing development which takes a variety of different forms from on the job training to cross-business projects as well as a mentoring scheme.

Our graduates have the opportunities to succeed and what we expect from them is the commitment and motivation to take up this challenge.

- ***Are you a graduate or undergraduate from a top university, business or engineering school?***
- ***Do you have an excellent academic record?***
- ***Do you have a strong interest in building your career in the Investment Banking Industry?***
- ***Have you gained great interpersonal skills through your studies, work experience and extra-curricular activities?***
- ***Are you ready for an exciting international challenge in a global organization?***

If you have an analytical mind, excellent communication skills and can make your influence felt throughout the team, you may be just the candidate we are looking for and we want to hear from you.
