

Publication List of Sven Blomqvist

Publications in international fora

- Grip, K.E. & Blomqvist, S., 2016. Why are there fewer marine than terrestrial protected areas? A study of Swedish practice during 55 years. – Submitted.
- Ekeröth, N., Blomqvist, S. & Hall, P.O.J., 2016a. Nutrient fluxes from reduced Baltic Sea sediment: effects of oxygenation and macrobenthos. – Marine Ecology Progress Series 544: 77-92.
- Ekeröth, N., Kononets, M., Walve, J. Blomqvist, S. & Hall, P.O.J., 2016b. Effects of oxygen on recycling of biogenic elements from sediments of a stratified coastal Baltic Sea basin. – Journal of Marine Systems 154 B: 206-219.
- Blomqvist, S., Ekeröth, N., Elmgren, R. & Hall, P.O.J., 2015. Long overdue improvement of box corer sampling. – Marine Ecology Progress Series 538: 13-21.
- Ekeröth, N., Lindström, M., Blomqvist, S. & Hall, P.O.J., 2012. Recolonisation by macrobenthos mobilises organic phosphorus from reoxidised Baltic Sea sediments. – Aquatic Geochemistry 18: 499-513.
- Blomqvist, S. & Gunnars, A., 2010. The geological past seawater record suggests enhanced modern marine phosphorus availability. – Science E-Letter:
www.sciencemag.org/cgi/eletters/327/5969/1114
- Peterz, M. & Blomqvist, S., 2010. Connectivity and age distribution of the Baltic Common Guillemot (*Uria aalge*) population: evidence from morphometry and ringing recoveries. – Ardea 98: 169-178.
- Blomqvist, S., Green, M. & Lindström, Å., 2007. The spring migration of Grey Plover *Pluvialis squatarola* in Sweden. – Ornis Svecica 17: 121-136.
- Blomqvist, S., Gunnars, A. & Elmgren, R., 2004. Why the limiting nutrient differs between temperate coastal seas and freshwater lakes: A matter of salt. – Limnology and Oceanography 49: 2236-2241.
- Gunnars, A., Blomqvist, S. & Martinsson, C., 2004. Inorganic formation of apatite in brackish seawater from the Baltic Sea: an experimental approach. – Marine Chemistry 91: 15-26.

- Humborg, C., Smedberg, E., Blomqvist, S., Mörth, C.-M., Brink, J., Rahm, L., Danielsson, Å. & Sahlberg, J., 2004. Nutrient variations in boreal and subarctic Swedish rivers: Landscape control of land–sea fluxes. – *Limnology and Oceanography* 49: 1871-1883.
- Green, M., Blomqvist, S. & Lindström, Å., 2003. The spring migration of two Bar-tailed Godwit *Limosa lapponica* populations in Sweden. – *Ornis Svecica* 13: 1-15.
- Blomqvist, S., Holmgren, N., Åkesson, S., Hedenström, A. & Pettersson, J., 2002. Indirect effects of lemming cycles on sandpiper abundance: 50 years of counts from southern Sweden. – *Oecologia* 133: 146-158.
- Gunnars, A., Blomqvist, S., Johansson, P. & Andersson, C., 2002. Formation of Fe(III) oxyhydroxide colloids in freshwater and brackish seawater, with incorporation of phosphate and calcium. – *Geochimica et Cosmochimica Acta* 66: 745-758.
- Humborg, C., Blomqvist, S., Avsan, E., Bergensund, Y., Smedberg, E., Brink, J. & Mörth, C.-M., 2002. Hydrological alterations with river damming in northern Sweden: Implications for weathering and river biogeochemistry. – *Global Biogeochemical Cycles* 16(3) art. no. 1039, 13 pp.
- Moberg, L., Karlberg, B., Blomqvist, S. & Larsson, U., 2000. Comparison between a new application of multivariate regression and currents spectroscopy methods for the determination of chlorophylls and their corresponding pheopigments. – *Analytica Chimica Acta* 411: 137-143.
- Lundgren, L. & Blomqvist, S., 1998. A sound-probe for real-time checking of physical bottom characteristics. – *Aquatic Sciences* 60: 28-32.
- Blomqvist, S. & Westin, S., 1998. Interference from chromate, germanate, tungstate and vanadate when determining phosphate in aqueous solution by the phosphoantimonymolybdenum blue method. – *Analytica Chimica Acta* 358: 245-254.
- Gunnars, A. & Blomqvist, S., 1997. Phosphate exchange across the sediment-water interface when shifting from anoxic to oxic conditions—an experimental comparison of freshwater and brackish-marine systems. – *Biogeochemistry* 37: 203-226.
- Sjösten, A. & Blomqvist, S., 1997. Influence of phosphate concentration and reaction temperature when using the molybdenum blue method for determination of phosphate in water. – *Water Research* 31: 1818-1823.
- Blomqvist, S. & Lundgren, L., 1996. A benthic sled for sampling soft bottoms. – *Helgoländer Meeresuntersuchungen* 50: 453-456.
- Blomqvist, S. & Lindström, Å., 1995. The spring passage of Sanderling *Calidris alba*, Little Stint *C. minuta* and Curlew Sandpiper *C. ferruginea* over Sweden. – *Ornis Svecica* 5: 55-67.

- Blomqvist, S. & Larsson, U., 1994. Detrital bedrock elements as tracers of settling resuspended particulate matter in a coastal area of the Baltic Sea. – *Limnology and Oceanography* 39: 880-896.
- Blomqvist, S., Hjellström, K. & Sjösten, A., 1993. Interference from arsenate, fluoride and silicate when determining phosphate in water by the phosphoantimonylmolybdenum blue method. – *International Journal of Environmental Analytical Chemistry* 54: 31-43.
- Blomqvist, S., Larsson, U. & Borg, H., 1992. Heavy metal decrease in the sediments of a Baltic bay following tertiary sewage treatment. – *Marine Pollution Bulletin* 24: 258-266.
- Blomqvist, S., 1991. Quantitative sampling of soft-bottom sediments: problems and solutions. – *Marine Ecology Progress Series* 72: 295-304.
- Blomqvist, S., 1990. Sampling performance of Ekman grabs—*in situ* observations and design improvements. – *Hydrobiologia* 206: 245-254.
- Blomqvist, S. & Elander, M., 1988. King Eider (*Somateria spectabilis*) nesting in association with Long-tailed Skua (*Stercorarius longicaudus*). – *Arctic* 41: 138-142.
- Blomqvist, S. & Abrahamsson, B., 1987. A device for rapid sectioning of soft bottom sediment cores. – *Schweizerische Zeitschrift für Hydrologie* 49: 393-396.
- Blomqvist, S. & Boström, K., 1987. Improved sampling of soft bottom sediments by combined box and piston coring. – *Sedimentology* 34: 715-719.
- Blomqvist, S., Frank, A. & Petersson, L.R., 1987. Metals in liver and kidney tissues of autumn-migrating Dunlin (*Calidris alpina*) and Curlew Sandpiper (*Calidris ferruginea*) staging at the Baltic Sea. – *Marine Ecology – Progress Series* 35: 1-13.
- Elander, M. & Blomqvist, S., 1986. The avifauna of central Northeast Greenland, 73°15' N – 74°05' N, based on a visit to Myggbukta, May – July 1979. – *Meddelelser om Grønland, Bioscience* 19: 1-44.
- Larsson, U., Blomqvist, S. & Abrahamsson, B., 1986. A new sediment trap system. – *Marine Ecology – Progress Series* 31: 205-207.
- Blomqvist, S., 1985. Reliability of core sampling of soft bottom sediment—an *in situ* study. – *Sedimentology* 32: 605-612.
- Blomqvist, S. & Abrahamsson, B., 1985. An improved Kajak-type gravity core sampler for soft bottom sediments. – *Schweizerische Zeitschrift für Hydrologie* 47: 81-84.
- Blomqvist, S. & Peterz, M., 1984. Cyclones and pelagic seabird movements. – *Marine Ecology – Progress Series* 20: 85-92.

Blomqvist, S. & Håkanson, L., 1981. A review on sediment traps in aquatic environments. – Archiv für Hydrobiologie 91: 101-132.

Blomqvist, S. & Kofoed, C., 1981. Sediment trapping—a subaquatic *in situ* experiment. – Limnology and Oceanography 26: 585-590.

Blomqvist, S. & Elander, M., 1981. Sabine's Gull (*Xema sabini*), Ross's Gull (*Rhodostethia rosea*) and Ivory Gull (*Pagophila eburnea*)—gulls in the Arctic: a review. – Arctic 34: 122-132.

International books

Blomqvist, S. & Heiskanen, A.-S., 2001. The challenge of sedimentation in the Baltic Sea. – In: Wulff, F., Rahm, L. & Larsson, P. (eds.), A Systems Analysis of the Baltic Sea, Chapter 8. Ecological Studies 148, pp. 211-227. Springer-Verlag, Berlin.

Falkdalen, U. & Blomqvist, S., 1997. Gyrfalcon *Falco rusticolus*. – In: Hagemeyer, W.J.M. & Blair, M.J. (eds.), The EBCC Atlas of European Breeding Birds: Their Distribution and Abundance, p. 191. T. & A. D. Poyser, London.
