<http://www.su.se/english/staff-info/services/emergency-crisis>

## **10. SU Intranet and MBW Intranet**

Most information can be found on the SU's Intranet. The main part of the information on the SU Intranet is in Swedish, but some of the information also exists in English.

<http://www.su.se/english/staff-info>  
<http://www.su.se/medarbetare/>

At <http://www.su.se/mbw/mbw-internal> you will find information concerning the MBW, minutes of the Board, instructions, previous newsletters and more.

### **11. Newsletter and mailing lists**

There are a number of mailing lists that can be used for sending messages to specific groups within the MBW. Here are the most common:

**Everyone at MBW:** [all.mbw@su.se](mailto:all.mbw@su.se)

**Groupleaders:** [groupleaders.mbw@su.se](mailto:groupleaders.mbw@su.se)

**Administrative staff:** [adm.mbw@su.se](mailto:adm.mbw@su.se)

**Graduate students:** [phd.mbw@su.se](mailto:phd.mbw@su.se)

**Technical staff:** [ta.mbw@su.se](mailto:ta.mbw@su.se)

Each group also has a mailing group called "gr-groupleader's surname.mbw@su.se"

Example: [gr-ljungdahl.mbw@su.se](mailto:gr-ljungdahl.mbw@su.se)

### **12. Telephones**

To call within SU, dial the extension number that is the last four digits of the phone number.

Most phones at MBW are blocked for international calls. Groupleader phones are open for international calls.

Windows: enter \\ [file.mbw.su.se](http://file.mbw.su.se) \, \\ [vpsmbw p-srv01](http://vpsmbw-p-srv01) \ or \\ [vpsmbw-p-srv01.mbw.su.se](http://vpsmbw-p-srv01.mbw.su.se) \ in the search field or in the taskbar address bar.

Connection to the file server outside campus (through a proxy server):

Use an SFTP program (recommended: Filezilla, Cyberduck, WinSCP or Firefox with add-FireFTP). Selecting "New Connection", select SFTP in the top dropdown menu, type in "fs1.mbw.su.se" port 22 and log on with your usual SU account - username and password.

The server has three volumes: PUB, MBW and Groups (G).

**MBW and Groups (G):** Everyone can see the names of the main folders, but access to the various folders is limited to different groups.

**PUB:** everyone can read, write, and edit files. This volume is limited to 60 GB. The purpose of this volume is to be able to add files to temporarily change the information.

The policy is that all work materials shall be stored in the common file server, not locally on your computer. There are a number of reasons - partly because of backup routines and partly because you are working with will be available to others within the unit/team.
