Global Graduate Programme 2012

– We will keep you moving

Are you ready to take on responsibility in a global business? Do you want to accelerate your career and keep yourself moving in the right direction? Trygg-Hansa offers a global two-year programme aimed at talents looking for a technical career within financial services.

We look for newly graduates in actuarial, mathematics, law, engineering, economics and business studies. We want smart forward thinking people with analytical skills and creativity in equal measure, as well as a good degree. We have high expectations to our Graduates in terms of thinking strategically, building effective relations and delivering results in our business. You also need to be up to speed on social, economic, legal and technological changes.

We offer opportunities in following areas of expertise:

- Actuarial Graduate
- Underwriting Graduate
- Claims Graduate

We will provide you with a range of technical, personal and general management learning over the next two years. Your extensive learning journey will begin with an exciting induction in **London** followed by a two-year programme in Sweden or Denmark with technical training and support to achieve professional qualifications.

The Global Graduate Programme at Trygg-Hansa will give you the access to keep your career moving. You will take the lead and we will give you the tools to accelerate your career.

To apply and learn more about the programme, the job opportunities and how we can keep you moving, go to our Global Graduate jobsite: www.trygghansa.se/graduate

Application deadline: 02.04.2012

Application
