

Logica Business Consulting is looking for graduates to become Business Analysts and Consultants

The Company

Logica is a leading, dynamic, business and technology service company, employing 41,000 people across over 47 countries (5200 employees in Sweden). It provides business consulting, systems integration and outsourcing to clients around the world, including many of Europe's largest businesses. Logica works closely with its customers to realize their potential - enabling change that increases their efficiency, accelerates growth and manage risk. It applies its deep industry knowledge, technical excellence and global delivery expertise to help its customers build leadership positions in their markets.

Logica Business Consulting (LBC) is the global Consulting service line of Logica Group. With a network of more than 3,500 consultants in Europe, LBC is today one of the largest consultancies in Europe, with offerings spanning from management consulting, integration, ERP/solutions consulting to technology consulting.

Job Description

To support our Swedish growth, LBC is looking for a number of Business Analysts and Consultants to join our team, helping our clients meet their objectives and advance their market positions.

- Participate actively in LBC's practice to best service our clients
- Understand our clients' business needs, strategic directions and objectives, identifying opportunities for improvement, business issues and project goals
- Identify underlying issues and challenges that the client is facing and determine how to solve those issues and meet those challenges via strategy, operating model, processes, technical solution or combination of these
- Provide functional expertise as well as industry best practices
- Conduct the implementation of strategies and integrated solutions to address the business issues
- Assist senior managers in business development activities

We offer

You will work in a committed, open, and innovative team environment within a large multinational company with excellent future opportunities to gain an international career. Our customers in Sweden can be identified in all sectors, the majority being larger corporations. Examples of our customers as follows; Sandvik, E.ON, Volvo, Sony Ericsson, Tele2, SJ, Nordea etc.

Requirements

- Degree in e.g. business and/or engineering field, preferable a Master's degree
- Strong interpersonal skills, express an analytical mindset and solid client facing capabilities
- Proven ability to work independently and as a team member
- Relevant work experience (e.g. business consulting experience) is preferable
- Fluent in Swedish and English (both verbally and in writing)
- Experienced in Microsoft Office tools
