

Department of Molecular Biosciences,
The Wenner-Gren Institute

Protocol for PhD Board meeting – scheduled 2024-09-10, 12:00-13:00, F504

Anaswara Sugathan, Isabella Badolati, Max Louski,
Simon Prokisch-Chalas, Sergei Pirogov

1. MOSS

- Isabella Badolati will take care about the MOSS calendar and its preparation
- She will contact Alexander Malmstedt to get a list of PhD students that are supposed to give their MOSS presentation and then create the MOSS schedule for 2025

2. First PhD council Meeting in fall

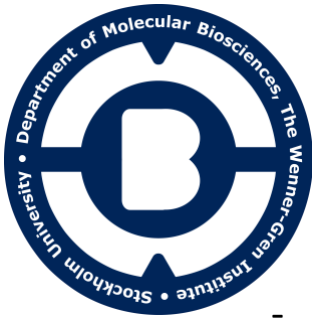

- It will be planned for 2024-10-29 at 12:30 pm
- Topics can be: “Finishing on time”, “MBW Travel grant”, “teaching duties” and “MBW Day” as well as “the next PhD Board 2025”

3. Nobel prize 2025

- As soon as laureates are announced, Simon Prokisch will text responsible people to get the laureates to MBW; similar to last year; most likely in the beginning of November

4. Meeting with Neus Visa

- Topic to be discussed: MBW Travel Grant for PhD students; Max Louski will contact her
- Sergei Pirogov will prepare some additional points to discuss with her
- Preferentially this meeting will be before the next PhD Council Meeting on October 29th

Department of Molecular Biosciences,
The Wenner-Gren Institute

5. Introduction Course

- Isabella Badolati and Sergei Pirogov volunteered to present the PhD Board to new PhD students during the Introduction Course on September 17th at 1 pm

6. PhD Day - planned on October 17th

- Max Louski will verify if the planned PhD Day will still be held and figure out when it is actually planned

7. MBW Day

- Finding volunteers for its organization in case it is needed

8. Next PhD Board 2025

- Finding PhD students to join the next board
- Motivate and interest people to join the PhD Board of 2025
