

# Student feedback 2024: What is your overall impression of SULaw's Summer Programme?

*Photo: Malin Gustafsson / View of Old Town*

As we strive to improve and tweak our summer programme, we ask all our students to give us feedback through an anonymous survey. We use all constructive feedback to make the following year even better! Here are most of the answers on the overall impression of the programme 2024.

The SULaw Summer Programme was a delightful experience with the opportunity to learn fascinating areas of the law with people from all over the world. The programme is designed in a way which provides you with flexibility to study, but also have the time to explore Swedish culture - whether that's through SULaw's social programme or exploring with the people you meet. I would highly recommend this programme to anyone who is interested in going abroad. The staff in the SULaw Team made the experience so much more inviting, exciting and enjoyable. I wish I could do it again!

One of the best things I've ever done! I was so scared to travel to a new country on my own but now I would give anything to relive those 2 weeks!

It was an amazing experience that I am grateful to have attended.

I really enjoyed my stay at the summer programme. I think there was a perfect balance of study and social activities, with still enough time to explore yourself. The study hours were perfect in my opinion, not too early, but still the afternoons off. I liked that we were all staying at Albano, where everything was very well arranged. There was also a well-mixed group with different nationalities, which also made the courses more interesting when comparing law systems. I think the international office did a really great job in organizing this year's summer programme and I had a lot of fun!

I recommend it to everyone.

Seems really well run and looks like everyone puts a lot of effort into making it happen and having it run smoothly.

It was a well intended and organized programme, that strived to merge academics with cultural exchange. Truly enjoyed my experience.

Well organized and the staff was easily accessible

I loved it! I would highly recommend it to anyone who has a chance to apply for it! I made some awesome memories and friends.

The Summer programme was diverse and offered interesting course options.

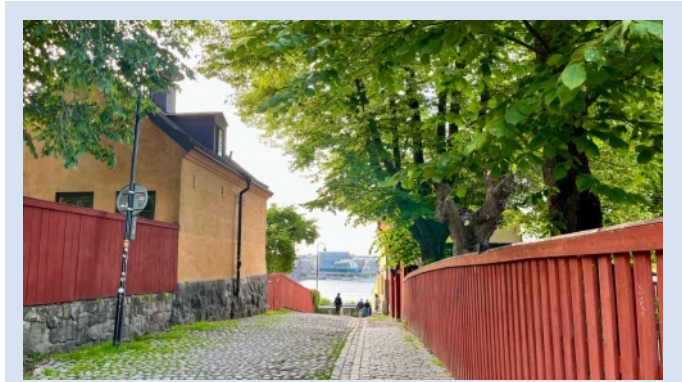

Best experience in years

An incredible programme that I'll recommend to anyone who's interested.

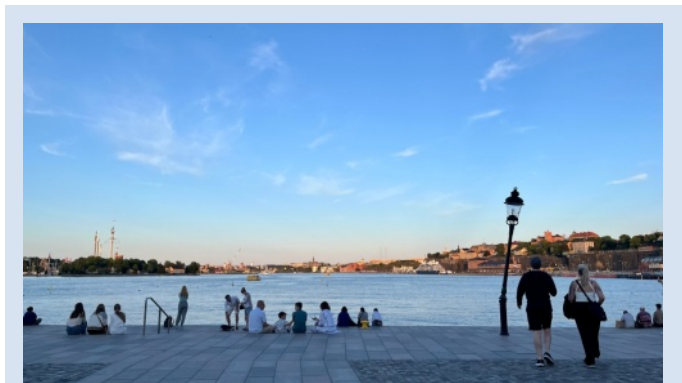

All managements were great! We had good communication with the international office, the professors and the students. And all activities were well-organized and interesting.

My impressions of the programme in general are very positive, I've enjoyed my time in Stockholm and I believe that the activities are well-chosen and provide a good starting point for exploring the city.

It was an amazing experience that I am grateful to have attended.
