

Welcome as a new member!

Stockholms universitets konstförening (Stockholm University Art Society) was founded in 1989 and operates various outreach activities. The association provides, among other things, guided tours, lectures and excursion trips. Once a year, at the annual conference, the prized art raffle takes place where each member has a chance at winning an art handicraft.

In addition to generating interest and sharing knowledge, the art association operates as a network for employees at the University. With over 250 members, the association meetings are an opportunity for employees from the various faculties and from all personnel categories to meet and network.

Sign up

All current and past employees (with pension) of the Stockholm University can join. Members have access to program activities and the annual meeting, where the raffle takes place. Members who pay the annual fee by December 31st of the previous year are then entitled to attend the art raffle of the next calendar year.

Anyone who wants to join is welcome to fill out our registration form, and then sign and send it to President Eva Lundin. For questions, contact us via email at konstforeningen@su.se

The membership fee is currently 430:-/year and employees pay their annual fee through the association's bank account 177-2151 or via swish No: 123 669 4632. Anyone who leaves their position, moves to another department, takes leave, or retires, should contact the association president as soon as possible via the above mentioned email.

Welcome!
