

# Work in Progress

## PhD candidate Seminar Series, Spring 2014

The work in progress seminar series gives room for PhD students in anthropology to present and discuss their ongoing work. The intention of this seminar is to provide PhD students with an informal platform for communicating research and get valuable feedback from fellow students and other colleagues. We welcome both shorter and more extensive presentations of project outlines, fieldwork material, thesis chapters, article drafts, conference papers, or discussions on theoretical concepts or methodological approaches. Whereas presentations are intended for PhD candidates, all researchers, staff and master students in anthropology are most

welcome to attend! If you would like to present your work or have any other questions, please contact Hege H. Leivestad [hege.leivestad@socant.su.se](mailto:hege.leivestad@socant.su.se).
