

Acceptance Form for double affiliation

Stockholm University provides a number of software applications through the University's software license agreements to students even though you are registered as an employee. To be able to download, activate and use these software applications, it is required that the student both registered as an active student and an employee at Stockholm University.

These Software applications may:

- **Only** be used in a study related context
- **Only** be installed, activated and used on the students' privately owned computer
- **Not** be used in a working- or scientific context
- **Not** be installed, activated or used on computers owned or leased by Stockholm University
- **Not** be used in any commercial context

The student software shall, without delay, be uninstalled and any CD/DVD and back-ups destroyed after the registration "active" student or Stockholm University's contract with the provider has been terminated.

As an active student at Stockholm University, I intend to install, activate and use the following software in my studies (please tick the box(es) that apply):

<input type="checkbox"/> Office 365	Storage in the " <u>cloud</u> " (<u>OneDrive</u> , Office and e-mail)
<input type="checkbox"/> SPSS	<u>Statistics</u>
<input type="checkbox"/> JMP	<u>Statistics</u>
<input type="checkbox"/> SAS	<u>Statistics</u>
<input type="checkbox"/> <u>Mathematica</u>	<u>Math</u>
<input type="checkbox"/> MATLAB	<u>Math</u>
<input type="checkbox"/> <u>ChemBioOffice</u>	<u>Drawing and Analysis</u>
<input type="checkbox"/> <u>StavaRex & SpellRight</u>	Spelling Support for Swedish and English
<input type="checkbox"/> <u>ArcGIS</u>	<u>Geographic Information System</u>

I hereby commit as above, and am aware that the breach of this undertaking, my right to install, activate and use the student software provided through or by Stockholm University will be terminated with immediate effect.
