WHERE TO STAY

www.booking.com and www.hotels.com are probably the two best options to find a place to stay in Stockholm. Public transportation is good, so just make sure it is easy to travel from your hotel to Stockholm University. The subway station for Frescati Campus (Stockholm University) is called *Universitetet*, on the red line (#14).

TRANSPORTATION

TO AND FROM THE AIRPORTS: You can take a cab (540 SEK), an express train (295 SEK), or a shuttle (99 SEK). This site summarizes well the different options:

The shuttle is the cheapest option, and it leaves from the airport every 10 minutes or so. Flygbussarna offers a great service. Buying the ticket online is a bit cheaper:

TRANSPORT IN STOCKHOLM: If you are planning on visiting the city, we suggest that you buy a 72-hour pass for 240 SEK. It is worth it!
