

SECOND YEAR

IN APRIL

Potential supervisors hand in short description of possible masters' projects

You can approach a teacher in the field of interest and ask for a topic beforehand

Teachers may approach you too discuss topics before the deadline

If you wish to do a project abroad, discuss with Leopold and Anneli, we will find a solution

IN MAY

The available projects are presented to the students

Previous experiences: there are many more projects than students so you will have a choice

BY THE END OF AUGUST

Everyone has chosen a project and co-ordinated the start of the project with the supervisor

DURING SECOND YEAR

Two introductory workshops on literature search and presenting

One literature seminar

Two research seminars

Defence of the MSc thesis
