Score 2 (12.5%), Score 3 (6.3%), Score 4 (37.5%), Score 5 (31.3%).

Teachers' analysis of the course

Overall the course went according to plan in spite of the new adjustments such as organizing all the lectures via zoom and organizing the localities for labs and group discussion to ensure a safe working environment during this pandemic.

Overall score: 4 out of 5.

Conclusions and suggestions for changes (if any) Scheduling of zoom lecturers can be improved. It would be easier to have one link for all lecturers.
