Template Course report

Course Name, Credits, Semester, Year, Course code, Instance code

The purpose of the course report is to document the course evaluation, in part for the department's long-term follow-up of the education, but also to serve as support in the pedagogical development work for future courses.

The students' views and experiences (according to the course survey and any other student appraisal conducted during the course) should be included in the evaluation together with the teachers' valuation of the course. The course report should be used to make informed decisions regarding the development and change of courses.

| The following documentation must be included in the course report, or alternatively be attached: |
| Results from the course evaluation: The compilation of the quantitative questions in the course evaluation. |
| Response rate, number and percent. |

Responsible teacher:

Description of changes since the last course (if any was made) and decisions already made since last course date (if any was made)

The strengths of the course's according to the students (summary based on quantitative results, text responses from the survey and any other evaluation during the course)

The weaknesses of the course according to the students (summary based on quantitative results, text responses from the survey and any other evaluation during the course).

The teachers' analysis of the course's implementation and results

Conclusions and suggestions for possible changes in order to develop the course and any decisions already made to develop the course before future course dates.
