Bolin Centre for Climate Research

A collaboration between Stockholm University, KTH and SMHI

Week 4, 2019

[Click here to read the letter in your browser](#)

The Bolin Centre is a multi-disciplinary consortium of over 350 scientists in Sweden that conducts research and graduate education related to the Earth's climate.

**Geoscience &
Society Summit**

18-21 March 2019
Stockholm, Sweden

Put Your Science Into Action at the Geoscience and Society Summit

The Bolin Centre is co-hosting the Geoscience and Society Summit, held at Stockholm University 18–21 March 2019. The summit will create an interactive forum for effective cooperation between scientists, corporations, NGOs and users of scientific information to tackle global and local challenges around sustainability of natural resources and systems, global health, and resilience.

View [the full list of accepted Innovations](#) as well as [the program](#) and more on [the Geoscience & Society Summit website](#).

Register before the 30 January deadline to take advantage of early registration rates.

Reminder: Become a recourse for media inquirers

The Bolin Centre is frequently contacted by media for facts and comments related to climate issues, but the coordinators are sometimes unsuccessful at finding someone to respond to these requests at a short notice. Would you like to help us answer media queries? Please contact bolin@su.se.

The **Bolin Centre Weekly News** provides you with a selection of our current activities and latest news and is sent to all members of the Bolin Centre. If you have suggestions that you would like to include in coming Weekly News, you are welcome to send these to bolin@su.se.
