Bolin Centre for Climate Research

A collaboration between Stockholm University, KTH and SMHI

Week 16, 2019

[Click here to read the letter in your browser](#)

The Bolin Centre is a multi-disciplinary consortium of over 350 scientists in Sweden that conducts research and graduate education related to the Earth's climate.

### Research Area 5 Retreat

Research Area 5, RA5, have booked [a full-day conference package](#) at Villa Källhagen, Stockholm for 29 April 2019. Registration deadline is April 2019. Welcome!

**Workshop topics and presentations:** We invite everyone to give a short presentation on work in progress and an outlook. Please include at least one slide to summarize your view on the theme of the workshop. For our discussions within RA5, we are particularly interested in open questions, surprises and (potential) inconsistencies which emerge from your current research. Several RAs including RA5 are currently discussing to change our funding towards supporting larger common projects to resolve one or two important research questions within RA5 rather than many small individual projects. The aim of our retreat is to discuss and possibly decide on establishing such focused research topics within RA5.

**Time and place:** 29 April 2019, 9:00 – 19:00, [Villa Källhagen, Stockholm](#)  
**Register:** [HERE](#), deadline April 2019

### Letter in support of the climate demonstrating youngsters

The world's youth have begun to persistently demonstrate for the protection of the climate and other foundations of human well-being. Many scientists and scholars now support them in [this letter](#).

## BOLIN CENTRE SEMINARS AND EVENTS

### The Bolin Centre Seminar Series

The Bolin Centre seminar series is open for everyone and provides opportunities to learn about current research topics in the Bolin Centre. We strive to trigger lively discussions and facilitate both internal and external collaborations. Fika will be served, welcome!

25

APRIL

#### Bolin Centre Seminar Series | Research Area 1

**Titel:** Part 1 - Assessing Earth's climate sensitivity and Part 2 - Arctic climate change and interactions with lower latitudes

**Speaker:** Thorsten Mauritsen, Stockholm University and Torben Koenigk Swedish Meteorological and Hydrological Institute

**Time & place:** April 25 at 13h00–14h00, Högbomsalen, Geoscience Building, Stockholm University

[Abstract](#)

13-15

MAY

#### In Swedish | Bolincentrets Klimatfestival

Under [Klimatfestivalen](#) öppnar vi upp för skolor och allmänhet. Förra året hade vi över 1300 besökare, i år växer Klimatfestivalen och blir ännu större! Vi erbjuder ett stort antal intressanta klimataktiviteter med våra klimatforskare, allt är kostnadsfritt.

**Tid & plats:** 13-15 maj i Geovetenskapens hus, Stockholms universitet

[Program och bokning](#)

The **Bolin Centre Weekly News** provides you with a selection of our current activities and latest news and is sent to all members of the Bolin Centre. If you have suggestions that you would like to include in coming Weekly News, you are welcome to send these to [bolin@su.se](mailto:bolin@su.se).
