The Bolin Centre is a multi-disciplinary consortium of over 350 scientists in Sweden that conducts research and graduate education related to the Earth's climate.

Dear Members of the Bolin Centre,

Thank you all for a very successful spring term. Your high quality publications on climate continue to underpin society's work towards Agenda 2030. Thank you also for numerous appearances in the media and interactions with the general public, businesses and policy makers. The work you are doing is of vital importance. As summer approaches, we wish you an enjoyable time of field seasons, writing papers and proposals and, above all, real holidays. We close by thanking Karin Jonsell, who will leave the Directorate for a position at SLU, for her enormous contribution to the Bolin Centre since 2013. And to you all: Have a wonderful Midsummer!

/ Best wishes from Nina Kirchner and Alasdair Skelton

Phd Day - save the date

We welcome all PhDs within the Bolin Centre to our PhD Day which will take place on October 22 in the Geoscience building. Please save the date, more info will come.

Films of Bolin Centre Seminars

We film almost all our seminars so you can follow them live and watch them afterwards. Perhaps something to enjoy on a rainy summer day? You find all our films [HERE»](#)
