The Bolin Centre is a multi-disciplinary consortium of over 350 scientists in Sweden that conducts research and graduate education related to the Earth's climate.

Dear Bolin Centre Members,

For the Bolin Centre, a very busy and very successful spring full of excellent science and other activities is coming to an end, and we would like to thank all our members for your contributions to and efforts within the Bolin Centre - the centre is our joint effort!

Now the summer holiday season is approaching fast, and agendas might include conferences, fieldwork, proposal writing and actually also holidays ;)

Whatever is on your agenda, we wish you all GLAD SOMMAR and we are looking forward to continuing with the regular Bolin Centre activities with you after the summer!

Best wishes
Nina, Alasdair, Annika and Karin

Talks from the Climate Festival at UR

The popular science talks, that was filmed by the Swedish Educational Broadcasting Company (in Swedish UR), during the Climate Festival will be published at www.urskola.se on June 21. UR will also make a TV-program which will be aired at Kunskapskanalen during the fall.

The **Bolin Centre Weekly News** provides you with a selection of our current activity and latest news and is sent to all members of the Bolin Centre. If you have suggestions that you would like to include in coming updates, you are welcome to

send these to bolin@su.se.
