Bolin Centre for Climate Research

A collaboration between Stockholm University, KTH and SMHI

Week 38, 2018

[Click here to read the letter in your browser](#)

The Bolin Centre is a multi-disciplinary consortium of over 350 scientists in Sweden that conducts research and graduate education related to the Earth's climate.

Bert Bolin Climate Lecture - Call for Nominations

Since 2008, the Bert Bolin Lecture on Climate Research is given annually to commemorate professor Bert Bolin and his pioneering climate research. The speaker is selected by the Faculty of Science among international scientists within climate research. Eligible to nominate are staff at Stockholm University and staff connected to the Bolin Centre via SMHI or KTH.

Deadline for nomination: October 15
More info: [HERE](#)

New article in Nature Climate Change

A new article on the importance of peatlands as a carbon sink in a future warmer climate is available [HERE](#). Britta Sannel (NG) is one of the co-authors.

Do you also have interesting research that you would like to share? Please contact bolin@su.se.

BOLIN CENTRE IN MEDIA

In Swedish | Läs om Bolinleden och ASIAQ i Universitetsnytt 4 2018

In Swedish | På sidan 14 i [Universitetsnytt](#) kan du läsa om Bolinleden, som är en vandringsled på Öland. Bert Bolin hade sitt fritidshus på Öland och de lokala entusiasterna inom Bolinledens vänner ville hedra honom genom att döpa leden efter honom.

In Swedish | Det går bra för det internationella projektet ASIAQ, the Arctic Science Integration Quest, som leds av Nina Kirchner (co-Director Bolincentret och anställd på NG): "Jag har bra stöd från min prefekt och institution och det är viktigt för att man ska lyckas. Jag har också ett projektteam med starka och engagerade personer, så att inte allt ansvar ligger på mina axlar. Att hitta bra människor som drar åt samma håll rekommenderas till alla projektledare". På sidan 23 i [Universitetsnytt](#) kan du läsa mer om projektet.

21

SEPT

Research Area 4 Seminar Series | Christian Rödenbeck

Titel: Interannual variations of terrestrial CO₂ fluxes 1957-2016 and their relation to climate variations

Speaker: Christian Rödenbeck, Max Planck Institute for Biogeochemistry

Time & place: September 21 at 13h00–14h00, Nordenskiöldsalen, Geoscience Building

Abstract: [HERE](#)

10

OCT

Bolin Centre Seminar Series | Research Area 6

Titel: The rise and fall of the Cretaceous Hot Greenhouse climate

Speaker: Brian T. Huber, Department of Paleobiology, Smithsonian Institution

Time & place: October 10 at 11h00–12h00, Ahlmannsalen, Geoscience Building

Abstract: [HERE](#)

Lunch sandwich: will be served, please e-mail bolin@su.se if you would like one

15

OCT

Seminar on the IPCC special report: Global Warming of 1.5 degrees

Bolin Centre for Climate Research, International Meteorological Institute, the Swedish Meteorological and Hydrological Institute, the Swedish Meteorological Society and Stockholm University invites you to a seminar on the IPCC special report: Global Warming of 1.5 degrees.

Time & place: October 15, 13h00-17h00, DeGeer Hall, Geoscience Building

More info: [HERE](#)

21-22

NOV

Bolin Days

Welcome to this year's Bolin Days! If you are interested in Climate Sciences, you are welcome to join us, whether you are a member of the Centre or not. We offer an interesting scientific programme and fun social events.

Time & place: November 21-22, Nordenskiöldsalen, Geoscience Building

More info: [HERE](#)

The **Bolin Centre Weekly News** provides you with a selection of our current activities and latest news and is sent to all members of the Bolin Centre. If you have suggestions that you would like to include in coming Weekly News, you are welcome to send these to bolin@su.se.
