

Week 42, 2018

[Click here to read the letter in your browser](#)

The Bolin Centre is a multi-disciplinary consortium of over 350 scientists in Sweden that conducts research and graduate education related to the Earth's climate.

Call for speakers to the Bolin Days

If you would like to give an oral presentation at the Bolin Days, please send the title of your talk to the session chairs at the latest 2018-10-31 (NO abstract is needed). You will receive a notification from the session chairs that your talk has either been accepted or been re-scheduled to the poster session. The final program for the Bolin Days will be available on November 12th.

Sessions

This year the thematic sessions are:

- Arctic Climate
Chairs: Frida Bender (frida.bender@misu.su.se) & Torben Königk (torben.koenigk@smhi.se)
- Impacts of extreme weather events & climate change
Chairs: Arvid Bring (arvid.bring@natgeo.su.se) & Regina Lindborg (regina.lindborg@natgeo.su.se)
- Climate & environmental change
Chairs: Gustaf Hugelius (gustaf.hugelius@natgeo.su.se) & Malin Kylander (malin.kylander@geo.su.se)
- Climate & biota
Chairs: Helen Coxall (helen.coxall@geo.su.se) & Johan Ehrlén (johan.ehrlen@su.se)

Cloudcatcher – atmospheric research on Svalbard

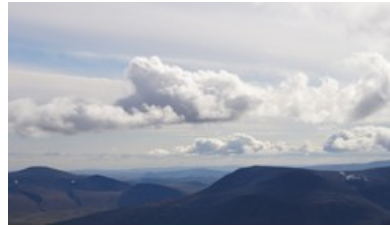

[Cloudcatcher](#). That's the name of a new film that describes the atmospheric research done by scientists from the Department of Environmental Science and Analytical Chemistry (ACES) in Svalbard. The film is made by Melissa Gomis and Dämien Bolinius, former PhD students at ACES.

In Swedish | Podcast på Historia NU

Lyssna på podcasten [Klimatförändringar som förändrat historien](#) med Fredrik Charpentier Ljungqvist, Historiska institutionen.

In Swedish | Intervju i Aftonbladet

”Oj, så här har den inte sett ut förut, nu händer det verkligen”, Ninis Rosqvist, NG kommenterar klimatet i [en intervju i Aftonbladet](#) »

AVAILABLE PHD POSITIONS AT THE BOLIN CENTRE AND AT SU

The Faculty of Science announces 35 [PhD positions](#) of which some have connections to the Bolin Centre. For example:

- [PhD student in Marine Geology: Studies of Ocean mixing in relation to Steep Bottom Topography through the use of novel Acoustic Methods](#)
- [PhD student in Oceanography](#)
- [PhD student in Physical Geography: Effects of Soil-Carbon Management and Climate on Belowground Biodiversity](#)
- [PhD student in Physical Geography: Sustainable Urban and Regional Development and Related Ecosystem Services and Water and Climate Impacts](#)

Deadline for applications is November 5.

BOLIN CENTRE SEMINARS AND EVENTS

21-22
NOV

Bolin Days

Welcome to this year's Bolin Days! If you are interested in Climate Sciences, you are welcome to join us, whether you are a member of the Centre or not. We offer an interesting scientific programme and fun social events.

Time & place: November 21-22, Nordenskiöldsalen, Geoscience Building

[More info»](#)

3
DEC

Bolin Centre Seminar Series | Research Area 7

Titel: Human-water interactions in changing environments

Invited speaker: Professor Giuliano Di Baldassarre, Director, Centre of Natural Hazards & Disaster Science, CNDS, Department of Earth Sciences, Uppsala University

Time & place: December 3 at 13h00–14h00, Högbomsalen, Geoscience Building

Abstract to be announced. Fika will be served.

The **Bolin Centre Weekly News** provides you with a selection of our current activities and latest news and is sent to all members of the Bolin Centre. If you have suggestions that you would like to include in coming Weekly News, you are welcome to send these to bolin@su.se.
