Welcome to the third annual meeting August 24-25, 2021

Due to the still ongoing pandemic, we regretfully must cancel the real-life meeting in Kilpisjärvi that we were hoping to arrange this year. We will have an online meeting instead.

When & where

Online Zoom-meeting on August 24-25, at 8.30-13 Swedish and 9.30-14 Finnish time each day

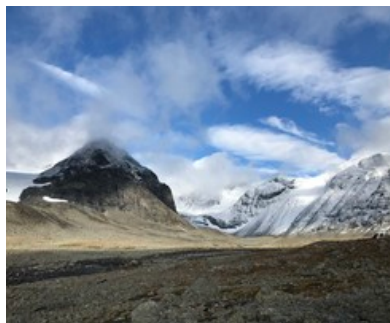

Programme

The meeting will consist of an overview of Arctic Avenue activities to date, keynote lectures, short talks presenting first results of the many ongoing Arctic Avenue projects and plans for next steps to be taken. All Arctic Avenue-funded projects are invited to present their progress.

We will soon send a more detailed meeting programme and hope to see many of you online in August! Please sign up for the meeting by sending an e-mail to kaarina.weckstrom@helsinki.fi and annika.granebeck@su.se.

Two meetings next year

Since we have not been able to meet in person for so long, we are planning to have two real-life meetings next year. One meeting will be held in January and the other in Kilpisjärvi, Aug 21-25, 2022.

Fall Call 2021

The Arctic Avenue fall call 2021 will soon be announced on the [Arctic Avenue webpage](#)! We look forward to receiving many interesting proposals. A call is also planned for spring 2022.

Extension of funding needed?

We have stated before that all successful applications must use their funds within 12 months from receiving a positive funding decision. We do however recognize that delays might be expected due to the current Corona pandemic.

Please contact annika.granebeck@su.se and kaarina.weckstrom@helsinki.fi if this is the case for your project.

Tarfala Research Station (TRS) is located at 1135 m asl in the Kebnekaise Mountains, northern Sweden and is run by Stockholm University. TRS welcomes scientists from all disciplines to conduct research in a unique arctic-alpine environment. Welcome to read [our latest news»](#)

Arctic Avenue is a spearhead research project between the University of Helsinki and Stockholm University. This update provides you with a selection of our current activities and latest news. If you have suggestions that you would like to include in coming updates, you are welcome to send these to annika.granebeck@su.se.
