As we strive to improve and tweak our summer programme, we ask all our students to give us feedback through an anonymous survey. We use all constructive feedback to make the following year even better! Here are some of their earnest answers on the overall impression of the programme 2023.

I really love this programme. I think I spent one of the most memorable summers of my life. Courses and social activities are interesting and helpful. Classmates, teachers, the team of the Office of International Affairs are friendly. I think the experience really widened my horizon and showed me many interesting possibilities for my future career.

I am confident that I had made a wise and right choice to choose this program due to the invaluable experience and friendship I got from this program.

It was a great learning and cultural experience

A good experience overall, we were looked after well enough and were allowed to explore our own thing whilst there.

It is great! I'm very happy I spent my summer participating in this programme. It gave me chances to communicate with professors from different universities, make friends from different countries, and explore the beauty of Stockholm.

Just amazing! It was one of the highlights of my summer. I gained a lot of new knowledge and soft skills in the legal world. I improved my written and spoken English. That is important for me since my home university is not keen on arguing in different languages than our native one. Besides all of the academic things, I made a lot of new friends all around the world. It has been more than a whole month since we said our goodbyes but we still keep in touch and plan to meet up soon. I will cherish the people I met in Stockholm for the rest of my life.

Fantastic program and would recommend to anyone who was considering it.

Super good ! I would love to do it again!

It was a great and memorable experience! I really liked the size of our cohort - it didn't feel like there were too many of us and I got to know most people really well. I really enjoyed the schedule of events and classes. It was really good to have the transport pass as it made it a lot easier to get around and get to explore more of Stockholm! Definitely a beautiful country that I would love to revisit one day. Overall a really great exchange and I would highly recommend it to my peers at home.

Well organized, good teachers, and good educational building. Had a great time.

It was a great experience for me! Everyone was very friendly and helpful!

I had such a great time. There was a good mix of learning and free time to explore Sweden. I would recommend this to another student.

Very well organized, and great fun. The staff and other students were most welcoming and the social activities were just right - not too much and not too little. Over all had an amazing time.

It was well organised, everything was good. I really liked teachers.

Amazing experience!
